* All prices shown are the manufacturer's recommended retail prices. The "On The Road" price includes VAT, delivery to the dealer premises, number plates, a one-litre bottle of oil, 12 months government road fund licence (depending on CO₂ emissions) and First Registration Fee at £55. Other goods or services supplied by agreement between the customer and the Dealer are not included.

† Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Van Tax Benefit in Kind go to www.renault.co.uk. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures.

Kangoo Z.E. 33 - Battery hire

This Kangoo Van Z.E. 33 offering allows you to buy the vehicle and lease the battery, which not only reduces the purchase price, but also gives maximum peace of mind.

Battery performance is guaranteed to at least 75% of its original charge capacity. If not, we'll repair or replace it.

No worries – complete 24/7 roadside assistance, even if you run out of charge.

You enjoy your Z.E. while we keep its heart healthy. It's that easy.

You only pay for what you need – you tell us how many miles you'll do and how long you'd like to keep your Z.E.; we personalise your battery hire monthly payment to your own individual requirements.

If the vehicle is sold to a dealer or another person, the customer simply signs the declaration form to confirm the new owner's details and sends it to Renault finance. Your obligation will cease once the new owner takes over the battery hire agreement.

Kangoo Van Z.E. 33 - Pricing

Battery hire

We believe that the battery hire principle provides the most affordable, reassuring method to own an electric vehicle. As part of the battery hire agreement we provide a guarantee in terms of the battery capacity throughout its motoring life. In addition, we will arrange recovery of your Z.E. vehicle in the event of breakdown or loss of energy. For further advice, visit your local Z.E. Specialist Dealer.

Kangoo Van Z.E. 33 prices will be announced shortly.

*The mileage bandings above represent the most commonly requested distances. If you drive further than this, we will have a banding to suit you, so please ask your Renault dealer for more details. Please note that under the Renault battery lease programme, you will not own the battery. †Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, the battery, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures.

Kangoo Z.E. 33 - Full purchase

In addition to battery lease we also offer the i Range which allows you to buy the vehicle and the battery.

No on-going monthly payments, just one simple payment.

Battery guarantee of 5 years / 100,000 miles, whichever comes first, this includes the battery performance guarantee to at least some of its original capacity.

No mileage limit in the battery contract.

Roadside assistance, breakdown only.

Kangoo i Van Z.E. 33 - Pricing

Battery purchase

In addition to Kangoo (battery hire) we also offer Kangoo i which allows you to buy the vehicle and the battery.

Kangoo Van Z.E. 33 prices will be announced shortly.

‡ Manufacturer's Recommended Retail Price † The Service plan prices shown are available for eligible retail vehicles only and valid at participating dealers only. The Renault Service Plan covers the manufacturer's minimum maintenance programme requirements for the term of the plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/- 1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved outlet. Service plans do not cover wear and tear items such as (but not limited to) tyres, wiper blades or brakes. To qualify you must order and purchase the Service plan from a Renault Approved outlet before the first service or within 12 months from the date of first registration (whichever comes first). The Service plan cannot be part exchanged, refunded or transferred. Subject to status, terms and conditions apply. For Service Plan prices and terms and conditions visit www.renault.co.uk/serviceplan

*All prices shown are the manufacturer's recommended retail prices. The "On The Road" price includes delivery to the dealer premises, number plates, one one-litre bottle of oil and one four-litre bottle of AdBlue® starter pack, 12 months government road fund licence (depending on CO₂ emissions) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included. [‡]Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures. [†] Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Van Tax Benefit in Kind go to www.renault.co.uk

#Manufacturer's Recommended Retail Price †The Service plan prices shown are available for eligible retail vehicles only and valid at participating dealers only. The Renault Service Plan covers the manufacturer's minimum maintenance programme requirements for the term of the plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/- 1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved outlet. Service plans do not cover wear and tear items such as (but not limited to) tyres, wiper blades or brakes. To qualify you must order and purchase the Service plan from a Renault Approved outlet before the first service or within 12 months from the date of first registration (whichever comes first). The Service plan cannot be part exchanged, refunded or transferred. Subject to status, terms and conditions apply. For Service Plan prices and terms and conditions visit www.renault.co.uk/serviceplan

*All prices shown are the manufacturer's recommended retail prices. The "On The Road" Price includes delivery to the dealer premises, number plates, a one-litre bottle of oil and a four-litre starter pack of AdBlue including funnel, 12 months government road fund licence (depending on CO₂ emissions) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included. [‡]Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures. [†] Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Van Tax Benefit in Kind go to www.renault.co.uk

*All prices shown are the manufacturer's recommended retail prices. The "On The Road" Price includes delivery to the dealer premises, number plates, a one-litre bottle of oil, four-litre AdBlue® starter kit, 12 months government road fund licence (depending on CO₂ emissions) and First Registration Fee at £55. Other goods or services supplied by agreement between the customer and the Dealer are not included. No CO₂ or MPG data published for base Platform Cab as the final kerb weight of the vehicle is not defined until the body is fitted. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures. † Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Van Tax Benefit in Kind go to www.renault.co.uk

*All prices shown are the manufacturer's recommended retail prices. The "On The Road" price includes delivery to the dealer premises, number plates, a one-litre bottle of oil and a four-litre starter pack of AdBlue® including funnel. 12 months government road fund licence (depending on CO₂ emissions) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included. † Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. Service Plan 2 years / 50,000 miles†	365.83	£439.00
Service Plan 3 years / 75,000 miles†	590.17	£709.00

* Manufacturer's Recommended Retail Price; † The Service plan prices shown are available for eligible retail vehicles only and valid at participating dealers only. The Renault Service Plan covers the manufacturer's minimum maintenance programme requirements for the term of the plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/- 1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved outlet. Service plans do not cover wear and tear items such as (but not limited to) tyres, wiper blades or brakes. To qualify you must order and purchase the Service plan from a Renault Approved outlet before the first service or within 12 months from the date of first registration (whichever comes first). The Service plan cannot be part exchanged, refunded or transferred. Subject to status, terms and conditions apply. For Service Plan prices and terms and conditions visit www.renault.co.uk/serviceplan

Renault Services

4 Years warranty

Your vehicle is covered by a warranty package for up to 4 years from date of first registration (unlimited mileage during the first 24 months, followed by a further 2 years limited to a total mileage of 100,000). Your Renault Dealer or Renault Z.E. Dealer is able to repair or replace without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for 3 years and the anti-corrosion warranty for 12 years. Master anti-corrosion warranty runs for 6 years.

For Warranty Terms and Conditions please visit www.renault.co.uk/warranty

4 Years Renault Assistance

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault Dealer or Renault ZE Dealer. This service is available 24 hours a day and is provided for 48 months from the date of first registration (or the duration of the battery lease for Kangoo Z.E. if greater than 48 months). Assistance is provided at roadside, home and includes national recovery and onward travel. European cover is provided for 36 months from date of first registration. Assistance applies to mechanical or electrical defects which are covered by warranty.

For Renault Assistance and Renault Z.E. Assistance Terms and Conditions please visit www.renault.co.uk/assistance
